Unless otherwise marked, documents are uncontrolled; uncontrolled documents are not subject to update notifications.

The latest revision of this document can be found in the reference panel above. It can also be determined and double checked by checking the 'Master Document List' before using or sending.

Any changes must be requested through the 'Document Control Manager' by submitting a 'Document Change Request' form.

FIRE SAFETY IN THE HOME

THE PURPOSE OF THIS POLICY

To inform staff and clients of our Fire Safety in the Home policy.

FIRE SAFETY

PEOPLE NEED TO BE AWARE OF SAFETY AND ONE ASPECT THAT NEEDS TO BE ADDRESSED INDIVIDUALLY ONE OF THESE IS FIRE. HEAT, ENERGY, FUEL AND OXYGEN ARE ALL NEEDED TO START A FIRE. THE AVERAGE HOME CONTAINS A LOT OF FUEL – PAPER, FABRIC, FURNISHING AND OXYGEN.

Carers need to be aware and careful around all potential hazards:

- Particular care need to be taken around matches
- Clothes on fireguards
- Tea towels near cooking equipment

Measures we would advise customers to have:

- Smoke alarms and service them
- When necessary in the home domestic fire extinguishers also need servicing annually (fire blankets do not need servicing).

Fire safety will be included in the home risk assessment.
